

NELA Ternes changes name to Nela and moves to a different location

St. Paul, November 21, 2003 - NELA Ternes announces exciting changes within its organization. As of December 8th, 2003, Nela Ternes is moving to a new location in the Minneapolis/St. Paul Metro area, 15 miles away from its current site. Additionally and effective January 1, 2004, Nela Ternes Register Group will operate under the name of NELA.

Nela decided to move its operation to a more suitable and more economic location. The new site has a total of 35,000 square feet and offers spacious office space and a sizeable production area for the manufacturing of their wide product range. It is conveniently located on the intersection of two major highways and nearby the International Airport.

The name change to Nela will support their continued efforts to establish Nela as a worldwide market leader of prepress equipment. The Ternes name now only pertains to certain product lines carried from the asset purchase of the Ternes business.

In the course of these changes the e-mail address domain will change to nela-usa.com and the website to www.nela-usa.com. However the old e-mail addresses & website will still be functioning.

NELA Ternes together with its German parent company Brüder Neumeister (NELA Germany) forms the largest register control firm in the printing industry. Register systems include inline punch and bending system for offset, clamping systems on press and plate transportation systems. With more than 500 Video Controlled Punch/Bender in the field worldwide Nela proofs to be the leader in register control.
